

Who are we?

Q.S.E.

is an independently owned corporation established in 1997. We bring over 35 years of experience to the field of Quality Management. Knowledge and expertise are vital to our success in providing our customers with solutions to all their quality management-related challenges.

What we do

Helping you...

The primary focus of Q.S.E. is helping your business establish a strong management system to identify areas of statistical measurement.

Q.S.E.

is a company committed to

analyzing and providing solutions to all of your Q.M. challenges.

How can Q.S.E. improve your management system?

“OUR COMPANY IS SMALL ENOUGH TO KNOW YOU & BIG ENOUGH TO TACKLE YOUR Q.M. ISSUES.”

Q.S.E. can provide a detailed analysis of your current management system. We will incorporate the ISO 9001 standard as the model operational system to develop your quality manual. Using this system will assist you in reviewing your company's procedures while identifying goals and objectives for modification and improvement.

Our highly qualified Q.M.S. trainers will conduct external audits to help identify and solve compliance issues.

Q.S.E. trains your company's internal auditors in each department to increase the quality of your existing management system.

Who chooses Q.S.E. and why?

Q.S.E. has serviced small business as well as large industrial companies. Q.S.E. has also been entrusted with providing service to several education service centers throughout the southwest.

A few satisfied customers:

PPG
Chicago Tube & Iron
SRT
ARK-Phas
Morin
AGT
Texas Education Service Centers
(8,14,16,17,19)

Q.S.E's unique auditing process

will highlight techniques for decision making through valid and reliable data collection.

Our measurement process will allow you to implement continuous improvements to your quality management system.

We help you put all the pieces in place to strengthen and re-enforce the foundation of quality your company has worked hard to establish, resulting in quantitative improvements across the board ... and to the bottom line.
